

Luther Midelfort and Chippewa Valley Technical College (CVTC) are excited to bring a Teen Car Control Class to Eau Claire. CVTC has partnered with Luther Midelfort and their Trauma Center to bring this opportunity to our community and our teen drivers.

The Chippewa Valley Sports Car Club and other individuals have also shown interest in becoming involved. In order to run the class, we need volunteers to help coach and assist with each of these day long Teen Car Control Classes.

On Saturday, March 13, we will hold an Adult Car Control Class for those interested in helping coach and assist at a teen class. This will be a train-the-trainer day, allowing you to see the materials and spend time in your car experiencing the many exercises and skills that will be presented at the Teen Class. We will provide you with instruction, direction, and time to practice your skills with supervision and under controlled settings. All activities will be held on CVTC's West Campus. Please see dates and information below:

March 13	8 a.m. – 5 p.m.	Adult Car Control Class “train-the-trainer” Cost: \$30 – includes materials and lunch
April 10	8 a.m. – 5 p.m.	Teen Car Control Class Volunteers needed
October 16	8 a.m. – 5 p.m.	Teen Car Control Class Volunteers needed

This is an opportunity to experience feelings in the car that frequently cause panic and over correction by inexperienced drivers leading to accidents and/or death. Practice these situations in a safe setting!

If you would like to attend the March 13 class and become a coach and assistant for the Teen Class on April 10 and/or October 16, contact me or anyone listed below. This is a unique opportunity to not only learn and practice your safe driving skills, but also to coach young drivers and make a difference in their lives. Thank you!
